CORE VALUES

Terra Parts & Solutions core values are made up of three pillars which form the foundation of everything we do and strive to achieve. They are infinitely entrenched in one another as illustrated in our Company Logo and we firmly believe the one cannot exist without the other. These core values are imperative to every decision and interaction we engage in.

SHIELD

Our Shield symbolizes our integrity. The shield has always been an icon of knighthood and heroism. Honesty and Integrity are key in the life of a Knight. This much can be taken from our sworn oath, (A knight knows only virtue, his words speak only the truth.) Honesty, however, is not only given in words, Honesty to ones self, and to one's heart are important as well.

INTERLOCKED CUBES

The interlocked cubes are a symbol of loyalty to our customers, suppliers and internal circle. Loyalty is about caring for your customers and meeting their expectations. We can maintain this core value by sticking to our values, rewarding loyal customers, solving problematic areas. These 3 cubes are metaphoric in showcasing our 3 channels as well as our business "commandments".

STAR

Our Star symbolizes our service excellence. Ancient philosophers such as Pythagoras believed that when the elements were in harmony, a fifth element appears. They called it Quinta Essentia, or Quintessence. This represented the purest concentrated absolute best anything can be i.e. excellence. Unlike the four natural elements, the fifth was thought to be invisible and of a subtler order of energy. Our business unit is encompassed with our 3 core values and our service excellence is our "fifth element".

ABOUT US

We know your time is valuable and appreciate the fact that you're spending it with us.

Our company is made up of a diverse group of individuals who all share one commonality, to provide the best possible service at all times.

Terra Parts and Solutions are extremely selective about who we incorporate into our team so that you as our customer have your highest expectations met. Your experience matters greatly to our every day goals and achievements.

Terra Parts & Solutions is pleased to offer specialized aftermarket repair, refurbishing, and parts services for Caterpillar® Earthmoving Equipment. With our extensive on-site parts inventory, we are able to expedite repairs and refurbishments, minimizing downtime and ensuring that our clients are back up and running as quickly as possible.

Our team of skilled technicians has the knowledge and expertise to diagnose and repair any issues that may arise with Caterpillar® Earthmoving Equipment. In addition to our repair and refurbishing services, we offer a wide range of parts to ensure that your equipment is always operating at peak performance.

At Terra Parts & Solutions, we understand the importance of keeping your equipment running smoothly. That's why we are committed to providing the highest quality services and parts to our valued clients. Contact us today to learn more about how we can assist you with your Caterpillar® Earthmoving Equipment needs.

We are the Earthmoving Specialists in:

Parts & Solutions

OUR TEAM

We pride ourselves in ensuring our business is meticulously puzzled together like that of an intricate jigsaw. Each member of our team contributes towards our customer experiencing the best service we are able to provide.

We are happy for you as an existing or potential customer to get to know the primary ambassadors of our business.

Our company is made up of a diverse group of individuals who all share one commonality, to provide the best possible service at all times. Terra Parts & Solutions are extremely selective about who we incorporate into our team so that you as our customer have your highest expectations met. Your experience matters greatly to our every day goals and achievements.

LEADERSHIP TEAM

Managing Director

André is the managing director of Terra Parts & Solutions, with more than 15 years' experience in the earthmoving industry.

His customer-orientated approach and background has adequately prepared him to manage the finance side of Terra Parts.

"Success is where preparation and opportunity meet"

PRODUCT LINE: Adaptors, Base Edges, Bolt on Cutting Edges, Bucket Lips, Bucket Protection, Bucket Tips, Custom Cutting Edges, Dozer Cutting Edges, Dozer End Bits, Grader Blades, Half Arrows, Heel Shrouds, Loader Segments, Moldboard End Bits, Overlay End Bits, Pins & Retainers, Ripper Shanks & Protectors, Ripper Tips, Router Bits, Scarifier Shanks & Tips, Side Bar Protectors, Side Cutters, Wear Plates

TERRA CARES FOUNDATION

Terra Cares Foundation is a growing initiative by Terra Parts & Solutions. Our team comprises of hearty individuals who just love giving time and money back to organisations and those in need. We are non-military mentalists and believe change starts with love, not war. Our mission is to inspire and ignite something in all walks of life; kindness, love, and resilience.

You cannot "fight" life, as the word itself is contradictory to the end result that is inevitable. We are all reserved the privilege of an ending chapter, it is how we get to the last chapter that creates significance in our story.

We uplift organisations and individuals by structuring campaigns to raise funding, donations, and volunteer work. Giving back reinforces your connection to people wherein happiness is a reward shared by both sides. By supporting Terra Cares Foundation you are aiding lives in need of hope and resilience. One moment of kindness has the potential to inspire thousands.

Each and every volunteer is a valued asset to the cause and we felt it was important to incorporate this consensus from home. All employees from Terra Parts and Solutions are helping donors or volunteers, and it overwhelms our hearts with joy.

Join the team of volunteers and donors via the Terra Cares Foundation website.
